February 24, 2023

To Whom It May Concern:

Dear Sir/Madame:

RE: ERIC RYSDYK

Eric Rysdyk was employed by Hartwig Architecture Inc. for two (2) weeks from February 6, 2023 to February 17, 2023. Mr. Rysdyk was employed to update drawings for a large aircraft hanger at the South Cooking Lake Airport.

During his time with us, I found him courteous, eager to learn and he demonstrated a good work ethic and a professional attitude. He could work independently, with a minimum of supervision and showed much promise in his chosen field as an architectural technologist. He is extremely well trained and knowledgeable about AutoCAD and related programs.

I highly recommend Mr. Rysdyk as an entry level architectural technologist.

Should you have any questions regarding the above, please do not hesitate to contact the writer.

Sincerely yours,

HARTWIG ARCHITECTURE INC.

Terry Hartwig, FRAIC, Architect, AAA
Principal
